

Hound Heater Installation Instructions

Read all documentation that is included before installing and using this heater. Use this heater only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.

Lire toute la documentation qui est inclus avant d'installer et d'utiliser l'appareil.

Utiliser l'appareil comme décrit dans ce manuel. Toute autre utilisation non recommandée par le fabricant peut provoquer un incendie, de choc électrique ou de blessures.

Tools Required:

You will need a measuring device, drill, 1 1/8" wood bit, screw driver and five wood screws (not included).

Step 1.... Place template corner in upper corner of your dog house so the cord hole to be drilled is approximately 11" down and 7" over from the upper corner of the house. This will maintain a minimum clearance of 4" from the ceiling of the dog house. Tape down template Fig. #1

Step 2.... Place the bit in the center of the template's black circle. Fig. #1

Step 3.... Drill a hole all the way through the wall. Fig. #3

Step 4.... Carefully feed the cord all the way through the previously drilled hole making sure the cord is not kinked. Fig. #4

Step 5.... Mount the heater with the flat side up (top of heater) and the slant (bottom of heater) towards the floor. Using three wood screws. Fig. #5

Step 6 ... Mount the heat shield approximately 1/2"-1" directly above the heater. The purpose of the shield is to deflect the rising heat and disperse it more efficiently in your pet's house. Fig. #6

Step 7 ... Plug the unit into a **GFI outlet** and you are done. If you are using an extension cord, it must be a 3 wire, 18 gauge grounded plug cord. Be sure the connection is elevated off any surface and not near water.

To reduce the risk of fire, do not store or use gasoline or other flammable vapors and liquids in the vicinity of the heater.

Pour réduire le risque d'incendie, ne pas stocker ou utiliser de l'essence ou d'autres vapeurs et liquides inflammables à proximité de l'appareil.

WARRANTY

If you should experience ANY PROBLEMS with your Hound Heater, please contact the Hound Heater Company directly. DO NOT contact your place of purchase. Contacting Hound Heater will greatly speed up your service. Please go to: www.houndheater.com and use the email contact on the site or simply use: Houndheater@gmail.com
